Albany High School Juniors are busy selling tickets for 10-pound turkeys, which will be given away to lucky ticket holders on Mon., Nov. 22—just in time for Thanksgiving.

Tickets, at 50 cents each, are available from any junior. If you are not contacted at your home and are interested in obtaining tickets, please call the High School office, 525-7131 and they will send someone to your home with tickets.

Winners need not be present to win. They will be notified and the bird delivered on their instructions.

Proceeds will be used for the junior class activities.

Friends of the Albany Library are asking those who have taken out books and records to be sure they are returned on time.

Since fines are no longer imposed, the cooperation of the community in returning books and records, is urgently requested.

Mrs. Maria Jay, Albany Librarian, reminds residents that the library cannot meet the demand for books and records, unless those checked-out are returned.

We have been told that Thursday, Dec. 2, will be Ladies Night at the Albany Lions Club meeting at Serb's, and that the "ladies" will not all be in the audience, as Del Wisonor's long-awaited program of entertainment will be "on stage" that evening.

Looks like people know where Anita Tronoff spent most of her time during her many years of community volunteer work, and a member of the Albany School Board. She was presented with a beautiful little jeweled gold telephone charm and a bracelet to put it on, when she was honored by Vista PTA members and friends at a recent get-together at Vista School.

Our great Albany High School Band will be playing at two night football games away from home, this month. Next Friday night they will be traveling with the team to cheer them on against Liberty High in Brentwood. The following Friday they will appear at Granada High in Livermore.

And to get back to the Albany Lions Club. . . They will be honoring members of the Albany High Varsity football team at their 15th Annual Football Banquet, to be held at the Eagles Hall in El Cerrito, Wednesday, Dec. 8.

Tickets will be \$3.75 each, and those interested in securing theirs in advance may do so by contacting Committee members Bill Nash, 223-895; Bill Savage, 232-1158; John McDonald, 524-3002 or 524-2371; Del Neylon, 525-1597 or 525-3095; or Chairman Del Wisonor, 525-4040.

Routine Meeting

In what was one of the shortest Monday night City Council meetings held in recent months, four Albany City Councilmen (Richard Clark was absent) conducted city business on the short agenda in less than one-half hour.

A communication from Administrative Officer James Turner, concerning an agreement for joint refuse rate study was held over for two weeks, on the motion of Councilman Joe Carlevaro; while a letter from the Albany Police and Fire Civil Service Club, concerning scheduled salary increases was referred to the City Attorney, Larry Saler, for his opinion, because of the current "freeze." Councilman Lou Howell, in making the motion for the referral, said that the people had earned the money and that it was in the city budget, but because of the President's freeze the Council was not sure if it could be paid at present.

A public hearing for a use permit for George R. Kratz, to use 946 San Pablo Ave. for the purpose of a public accounting office, was held, and there being no opposition, the Council approved the matter, noting that this was a "routine hearing" under the temporary San Pablo Ave. freeze.

Under "the good of the City" discussion at the end of the meeting, Councilman Joe Carlevaro reminded the Council and audience of the retirement dinner being held for Ted Hutt, long-time public works dept. employee, which is being held tonight at Serb's.

Councilman George Hein stated he was "real pleased" with the way Solano Avenue was shaping up, and he was joined by Mayor Call, who also voiced his pleasure in the street's appearance. The Mayor also commented on the number of complimentary phone calls he had been receiving.

Councilman Lou Howell said things were just the opposite with him—he thought the people must be satisfied because he was getting no phone calls.

An announcement was made that the Council would hold a meeting at 7 p.m. Thursday, Nov. 11, to screen applications for the city clerk position. Sixty-nine applications have been received.

Deadline Extended

Local residents who have not yet signed the Jarvis 1% Property Tax and Limitation Petition now have a 40-day extension in which to do so.

Many taxpayers currently receiving their tax bills are now, more than ever, interested in signing this petition, which seeks to enact legislation to close tax law loopholes, remove unfair exemptions, and place a high priority on the State's responsibility to restore equal quality education, as well as retain the people's constitutional right to private ownership of property.

To qualify for the June 6, 1972, State election, 520,800 valid registered voters' signatures must be collected throughout the state, according to the United Organization of Taxpayers of Southern California and the Taxpayers Council of Northern California (NOR-CAL), co-sponsors of the Jarvis Petition.

Local residents, property owners and renters, who are willing to become involved, may secure full information by writing NOR-CAL Taxpayers Council, P.O. Box 6397, Albany 94706; or by phoning Jean Rutherford, 524-5632, or Marian Jones, 836-3891.

Vista PTA Reception Honors Anita Tronoff

The dessert reception held in honor of Anita Tronoff, just happened to take place on her birthday, Nov. 1, and was probably the best birthday party she ever had.

The "This Is Your Life" skit, presented for Anita's entertainment, reviewed her life in Albany, from a student at Cornell and Albany High School through her days and nights as a parent and room mother, a PTA president, a School Board member and PTA Council president and general volunteer. Those taking part in the skit included Mr. and Mrs. Howard Pick, Mrs. Dean Lipe, Delta and Joe Pick, Mrs. Don Armstrong, Kenneth Forry, William Woolworth, Dianna and Jimmy Thomsen and Mrs. John Thomsen.

Special guests included Mrs. H. F. Call, who brought greetings to the honoree on behalf of the Mayor of Albany; Robert Nehls, president of the Board of Education; School Superintendent, Kenneth Forry and Mrs. Forry; William Woolworth, Director of Curriculum for Albany Schools; Harold Van Coops, Albany health officer; Mrs. Betty Lott, Marin School principal, and Carl O. Couch, Albany High principal.

Chamber Board Meet

A lengthy discussion, concerning a 100 ft. flag pole and its location, took up most of the Albany Chamber of Commerce Board of Directors meeting held in the Chamber office yesterday morning.

Chamber members are trying to get the project off the ground, which, in their opinion, would give a "real identity to the city" by placing a 100 ft. flag pole somewhere near the Freeway, where it could be seen by the 63 million motorists passing there each year.

The Chamber would like it to be a community project, with service clubs and veterans' organizations, as well as other local groups and even school children joining in.

In leading the discussion, Committee Chairman Leon Rimov noted that the City of Albany already has the very patriotic reputation of having more flags on display on holidays than any other city in the East Bay.

Other business conducted at the Board meeting included the appointment of Leon Rimov and Jerry Blank to represent the Chamber on the School Study Committee, which will evaluate plans for replacing or remodeling the school buildings at Cornell and Marin Schools which have been declared "unsafe."

In commenting on the recent "City-Wide Giveaway," Chamber Manager Hal Denham noted that the project had been very successful, and well supported by the merchants. A total of 25,000 tickets had been given away, and addresses on the tickets indicated shoppers came from as far away as the San Pablo-Pinole area to the north and Hayward to the south. Ticket holders were also noted from Alameda and San Francisco, and among the winners was a Cupertino resident.

Al Martinez, Off-Street Parking Committee chairman, announced that he and his committee were meeting shortly to study the need for off-street parking in certain areas, and would be making a report to the Board in the very near future.

Hostesses for the evening were: Mrs. Donald Armstrong, Vista PTA president, and Mrs. Dorothy Irvin, Vista School principal, who stood with Mrs. Tronoff in the receiving line.

Committee members who planned and assisted with the reception included Mrs. Don Armstrong, Mrs. Howard Pick, Mrs. Galen Rowell, Mrs. Dean Lipe, Mrs. William Culley, Mrs. R. N. Shattock, Mrs. William Chambers, Mrs. Philip Silva and Mrs. John Thomsen.

Among the many gifts presented to Anita were a solid gold bracelet with a jeweled telephone charm, from her many Albany friends; a beautiful azalia plant from the Albany High staff, and a dried flower arrangement from Vista PTA members.

Holiday Basket Drawing Planned

Plans are going full-swing for the all-night party to be given by the parents, for the Albany High School seniors who will be graduating next June.

It is the custom of these parents to organize fund-raising events to meet the party expenses, and the first big project planned will be a drawing for "Five Holiday Food Baskets."

Each basket will include a turkey, ham, bottle of wine and assorted goodies to make a feast for five lucky families, and Albany residents are being asked to help support the Senior Parents by making the drawing a success and contribute to a long-remembered party for the graduates.

A donation of \$1 per ticket is being asked, and the drawing will be held Wednesday, Dec. 15. You need not be present to win.

Tickets are available now, and may be obtained from all parents of graduating seniors. For further information call Mr. and Mrs. B. E. Larimore, 524-4716.

Athlete of the Week

Eric De La Torre

Eric has been our number one runner during the past two years.

This year, Eric is off to an outstanding season and is definitely considered a good bet to make the All-North Coast team.

Last week Eric engaged in a toss race with team mate, Chris Bell, at De la Salle's tough three-mile route in Concord, and by the end of the race, Eric had run the fastest time of the year, while edging Chris by 10 seconds and the rest of the field by over 450 yards.

Yule Pool Date Set

The Albany Chamber of Commerce, with the financial assistance of service clubs, organizations and individuals, will again accept the responsibility of sending a holiday gift package to all Albany Service or Peace Corps members away from home at Christmas time.

This well known and widely supported project, appropriately known as "Yule Pool," is being sponsored for the fourth consecutive year by the Albany Chamber. Each recipient of the gift package also receives an enclosed letter listing the names of all the contributors.

Parents or families of any Albany boy serving in the Armed Forces or Peace Corps whose tour of duty will not permit him to be at home for Christmas, are asked to leave his name and address at the Albany Chamber of Commerce, 1108 Solano Ave.

The packages will be mailed from Albany the week of Nov. 29.

No Appointment

The Albany Board of Education announced last night that no appointment will be made to fill the seat vacated by the recent resignation of Anita Tronoff.

After many hours of interviewing and deliberation, Board Members reached the unanimous decision that they would not make an appointment, but would leave it up to the voters next April.

All nominees have been notified of this decision.

Vietnam Christmas Gift Deadline

John Delfino, president of the Bay Area USO reminds those interested in the deadlines for mailing Christmas gifts to Vietnam USO Clubs for distribution to servicemen who might not otherwise receive a gift.

SAM (Space Available Mail) air lifted when space is available, deadline Nov. 19; PAL (Parcel Air Lift) deadline is Nov. 26. (When you pay regular parcel post rate plus \$1 your package will be air-lifted to Army Post Offices in the area where address is located.)

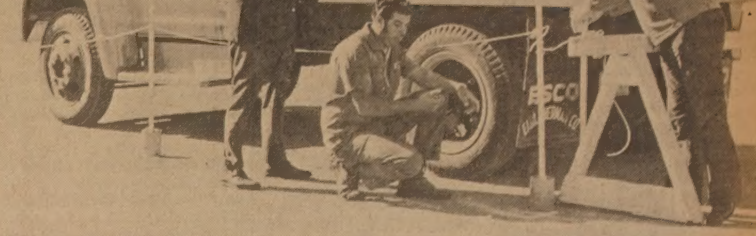

Delfino notes that the United States Postal Authority will not accept packages addressed to "Any Serviceman." However, gift packages sent to USO Clubs at specific APO and FPO addresses will be delivered throughout the Far East to the military through USO via air-drops to remote sites. Packages should be gift wrapped and labeled as to content.

For addresses of USO clubs & a list of holiday gift suggestions for servicemen and women overseas, call the Oakland USO office, 893-4966.

Engaged

Mr. and Mrs. William Battermann of El Cerrito have announced the engagement of their daughter, Laura, to Larry Rosenthal, son of Mr. and Mrs. Lorenz H. Rosenthal of Richmond.

Laura, a 1971 graduate of Albany High School is currently employed in San Jose. Her fiancé, a 1969 graduate of John F. Kennedy High School, is now attending San Jose State, where he is majoring in Industrial Technology. He will graduate in 1973.

Speech Contest Winners Named

The annual Veterans of Foreign Wars Speech Contest was held last week at Albany High School, with six contestants competing for the coveted first place.

The contest was held in the classroom of public speaking instructor, Richard Hillman, with Robert Allen, one of the speech class students, acting as master of ceremonies. Mrs. Phyllis McWilliams, president of the Albany High School PTA and many interested parents also were present.

First place was won by Eileen Keane, second went to Bob Nichols and third to Chaunita Nielsen—all are juniors. Sophomores Sue Nelson, Brad Drennan and John Greer were awarded fourth place standings.

Each spoke for five minutes on the subject: "My Responsibility to Freedom," giving their views on American patriotism and the duty each individual has toward perpetuating the freedom handed down in the Bill of Rights.

Judges included: William Woolworth, assistant superintendent of schools; Carl Couch, hi school principal; head counselor, Bill Savage; music and drama instructor, Dusty Helsenbeck, and counselor, Ralph Stone.

A tape recording of the winning speech has been made at Radio Station KPAT to be forwarded for state competition.

All contestants and their parents will be honored by the Veterans of Foreign Wars at an Awards Banquet to be held in the near future.

Scholarship For Karen Holzmeister

Karen Marie Holzmeister, the daughter of Mr. and Mrs. Ralph M. Holzmeister, 538 Madison St., Albany, has been awarded a graduate scholarship by the William Allen White School of Journalism at the University of Kansas.

The scholarship was voted to Miss Holzmeister by the faculty of the school in recognition of her excellent academic record, according to Lee F. Young, associate dean of the school. The scholarship came from the Florence Finch Kelly Scholarship Fund, named after a university alumna.

Miss Holzmeister is finishing her work for a master's degree in journalism at the school this year. She is a graduate of Albany High School and California State College, Hayward. She has been the recipient of past awards from the San Francisco Press Club, the Berkeley Gazette, the Berkeley Business and Professional Women's Club, and the college. She was a reporter on the Hayward Daily Review prior to attending the university, and is a member of the East Bay Press Club.

The William Allen White School of Journalism, named after the Pulitzer Prize-winning Kansas editor, is ranked by journalism educators and editors as one of the top 10 schools of journalism in the nation.

Albany's Ralph Jordan Honored For Deaf Work

Mr. Ralph V. Jordan of 964 Talbot, Albany, was honored by more than 250 friends at a testimonial dinner given in his honor, Sunday, Nov. 7, in Oakland's Fratellanza Club. Mr. Jordan, who completely lost his hearing at the age of 12, is a faculty

member at the California School for the Deaf, Berkeley. He was honored for his tireless service to other deaf people in the area. He serves as Executive Director of the East Bay Counseling and Referral Agency for the Deaf, a volunteer organization which provides an almost endless variety of service to the deaf. The agency, which maintains an office here in Albany, can be reached by telephone at 526-7475 or by mail at Post Office Box 712, Berkeley 94701.

The program included brief speeches outlining Ralph's many talents; as a father, as a friend, as a teacher, as a community leader with the deaf, as a community leader with the hearing, and as Executive Director of EBCRAD. He and his wife, Jennie, were presented with an arrangement of monogrammed silver goblets, backed by a silver tray, flanked by a pair of plaques engraved with the following sentiments: "Champion of the deaf, Ralph V. Jordan. For untiring and dedicated service, given freely and with great skill to those whose lives have been touched by deafness this token of appreciation is given to you by your friends, colleagues and beneficiaries." The matching plaque was inscribed "In appreciation to Jennie Lee Jordan. Thanks to you for the thousands of 'husband-hours' you have given up so the lives of others might be enriched." Mrs. Jordan is employed by the California Department of Public Health. Son Randy is a ninth grader at Albany High School and his brother, John, is a fourth grader at Cornell.

The Jordans were also presented with an electric typewriter and a bound volume of testimonial letters. Closing the program was a reading of the poem "About Ben Adhem" beautifully given in sign language by Audree Norton (Mrs. Ken Norton of Concord). Audree is a former member of the cast of the National Theater of the Deaf and recently co-starred with Anthony Quinn in the first episode of his series "Man and the City."

Of particular delight to the honoree was the presence of his sister, brothers, and their spouses: Mr. and Mrs. Tony Herrera of Los Angeles, Mr. Joe Jordan of Phoenix, Mr. and Mrs. Edward Jordan of Tucson, and Mr. and Mrs. Raymond Jordan of Los Angeles.

Attention Bicyclists

Members of the American Youth Hostels, Inc., note that the popularity of non-competitive group bicycle touring has developed around some common courtesies, which help to make group cycling more enjoyable for everyone.

The main concern of the touring group is that all members of the group get to their destination safely and pleasantly, and in the interest of safe bicycling they wish to call to other bicyclists attention that a bicycle, in general, must be operated on a roadway in the same manner as a motor vehicle.

Traffic citations are issued for violations of the vehicle code by bicycle drivers, regardless of age or whether you have a driver's license.

The most common violations for which citations have been given to bicyclists are:

- 1) Riding on the left hand side of the road (V.C. 21202).
- 2) Failing to stop for traffic signals or stop signs (V.C. 21100 & others).
- 3) Speeding—believe it or not! (V.C. 22350, 22352).
- 4) Riding a bicycle at night—without a white front light or a rear red reflector.

American Youth Hostels sponsors many evening, 1-day, week-end, week and extended tours in the U.S. and Europe. Visitors are always welcome to join the Councils on day rides. For further information, please write American Youth Hostels, Inc., P.O. Box 7014, Berkeley, Calif. 94707.

An Organic Gardener Speaks

By J. J. Skilling

At this time of the year nature is supplying us with a source of natural humus-making material. Turning fallen leaves into the soil provides excellent material. Dry the leaves and then screen through a 1/2-inch mesh. You can trowel the leaves into the top four inches of soil or spade into a deeper depth. Use approximately 50 pounds of leaves per 100 square feet of soil area. However, leaves consume nitrogen from the soil and a supply of extra nitrogen should be added so the plants will not starve. Fish meal is high in nitrogen and can be added to the soil. Use 5 1/2 pounds of fish meal per 50 pounds of leaves. All organic material such as potato peelings, tea leaves, coffee grounds, egg shells, should be returned to the earth to enrich the soil.

When planting your bulbs, the bulbs should be planted deeper in a light sandy soil and shallower in a heavy soil. One fourth teaspoon of bone meal should be stirred into the soil at the bottom of the planting hole. Then cover the bottom of the hole with fresh water sand, 1/4 to 1/2 inch deep. Sand provides drainage at the base of the bulb and prevents any fertilizer from burning the bulb. Seat the bulb well into the sand so there is no air pocket. Cover with a soil covering depth equal to approximately three times the height of the bulb. Any bulb that has started to mold may be dried indoors by the heater for several days and then carefully brushed. The dried mold

will then fall away from the bulb and the bulb can be planted.

During the winter months a cucumber plant makes an interesting house plant. Use a container about eight inches to 10 inches across and eight inches deep. Each plant should have a trellis of twine about five feet high. Three strong strings spaced about four inches to six inches apart should be satisfactory. Limit the plant to three climbing stems and use a soil mixture containing organic materials. Locate the plants in a warm atmosphere where the plants will receive as much light as possible. If the temperature goes below 60 degrees it is then desirable to use a soil heating cable. Water thoroughly on the second day after the surface of the soil becomes dry.

Try potting African Violets in a 2 soil, 1 sand and 1 dried leaf mixture. The sand mixed with a soil will cause the water to pass through the soil quickly and result in the soil drying faster. During the winter months, placed next to a brightly burning lamp the light forces the plant to bloom. An African Violet that hasn't bloomed in years can be forced to bloom when given a

large dose of very hot water from the faucet. Pour the water on the soil and not on the leaves. The results can be amazing. However, remember that over watering will cause the leaves yellow and the plant to mold.

In your outdoor garden, spray such as a "Hot Vegetable" spray consisting of an onion bulb or garlic bulb and four teaspoons of red pepper to 1/2 gallon of water, will reduce the pest population. Also, garlic set at the base of a rose tree help to keep your roses pest-free.

This time of the year it is important to protect the emerging seedlings, such as lettuce, spinach, from heavy rain. Screens, that are being used to protect the tiny plants from passing birds, can also support a board that will serve as protection from a steady rain.

FEATURING IN NOVEMBER: CALIFORNIA POPPY SEEDS

I have a free packet of seeds. On us. Plant them at home... indoors, outdoors, around the countryside, anywhere. It's our small way—through you—of helping to beautify our surroundings, of accentuating a pleasant environment.

Each month we're featuring a different flower. We'll keep you posted on the seeds we'll be giving away during the coming months.

Your free seed packet is available at any one of our nine Bay Area branches. Or at our STATESMAN'S CLUB, 239 Grant Ave., San Francisco.

Just come in and ask. You don't even have to have an account with us. But if you don't... let us plant another seed with you... open a savings account. Watch it grow, too. Our regular passbook account makes any amount fertile... at the rate of 5% interest from date of deposit to date of withdrawal. We also offer the 5 1/4, 5 1/2 and 6% interest accounts, too, depending on the amount you wish to save and length of deposit. All in all, it makes for a good, green garden.

Come in and see us. Soon.

LEGAL NOTICE

ORDINANCE NO. 71-023
AN ORDINANCE OF THE CITY OF ALBANY AMENDING SECTION 4.18 OF THE ALBANY CITY CODE, 1958, AND ADDING SECTION 4.18(a) THERE-TO.

THE COUNCIL OF THE CITY OF ALBANY DOES ORDAIN AS FOLLOWS:

Section 1: That Section 4.18 of the Albany City Code, 1958, is hereby amended by deleting the entire section and inserting the following in lieu thereof, and that Section 4.18(a) is hereby added to the Albany City Code, 1958, which said sections shall hereafter read as follows:

"Sec. 4.18. Reasonable control required.

"It shall be unlawful for any owner or keeper or person having custody of any dog to allow or permit or suffer such dog to be in or upon any street or public park, other than those parks set forth in Sec. 4.18 (a), or upon any improved private property other than that of the owner or keeper, unless such dog is under reasonable control of a person not less than fourteen (14) years of age and competent to keep such dog under effective charge and control and prevent such dog from harming any person or property. Nothing in this section shall preclude a child between the ages of eight (8) and fourteen (14) years controlling a dog on a leash.

"Dogs not in compliance with the above shall be subject to impoundment by the poundmaster."

"Sec. 4.18(a). Leash control required.

"It shall be unlawful for any owner or keeper or person having custody of any dog to allow or permit or suffer such dog to be in or upon any school ground, Memorial Park, Terrace Park, University Park or public playground, other than the Masonic Avenue linear park, when such dog is not controlled on a leash.

"Any leash required under the provisions of this article shall not exceed ten (10) feet in length.

"Dogs not in compliance with the above shall be subject to impoundment by the poundmaster or an appropriate citation issued."

Section 2: This Ordinance shall be published once in the "Albany Times", a newspaper of general circulation within the City of Albany, which said newspaper is designated for that purpose, and shall become effective on and after its final passage, adoption and publication.

'Bay Day' Set

Bay Day is coming and concerned citizens, students and Boy Scouts will clean up part of the East Bay shoreline, as their contribution.

U.C. Berkeley students have formed a group calling themselves the Bay Day Committee. Their main objectives are to get people involved in the actual clean-up of tideland areas and to enlighten their awareness of the present conditions and problems of the San Francisco Bay.

The area to be cleaned is the Berkeley shoreline, between Ashby and University Avenue, parallel to Interstate 80. Bay Day will be held this Saturday, Nov. 13, from 10 a.m. to 4 p.m., rain or shine. Persons willing to help clean up are asked to wear work clothes and boots. Please bring sunny sacks, shovels, and your lunch.

Take Interstate 80 to Berkeley and take the University Avenue turnoff to Frontage Road. Guides and information tables will be set up to direct you to the proper area and provide clean-up procedures.

For further information call 349-3725 between 6 and 7 p.m.

Foil The Mouse

Western Electric's College Gift Program, although designed to provide equipment that will strengthen education through increased scientific research, sometimes has its lighter moments.

For example, one gift helped foil a very clever mouse—all in the interest of science!

The mouse was among a number of mice used by a famous university in the following experiment to determine the nutritional value of various animal feeds: each mouse was given the same amount of food and an exercise wheel that would determine how different foods affected the mouse's activity.

This particular mouse astounded the researchers by eating the same amount of food, racking up twice as many turns on the exercise wheel as any other mouse, yet getting fatter and fatter.

The researchers, surprised by this contradiction, requested an ultra-violet lamp from the college gift program so they could watch the mouse at night without alerting him.

The lamp was supplied and the researchers watched in amazement as the clever mouse ate his food, then stood alongside the exercise wheel and spun it rapidly with his front paws as the turn counter clicked away.

End of mystery.

Traffic & Safety

The Albany Traffic and Safety Commission is not only interested in traffic safety for Albany citizens, but for all types of safety.

In this vein, from time to time the Commission will be offering sound and up-to-date advice to Albany residents on a variety of safety precautions.

Your Home: House or Apartment.

Be sure to secure your doors and windows —

1. Inspect your doors. What kind of latch or lock do they have? Most spring locks can be opened from the outside with no more than a plastic playing card.

2. Do you have a second lock, chain or bolt? If so, is it properly installed?

3. Sliding glass doors and windows are easily forced open. A piece of wood in the bottom track will easily prevent this.

4. Safety locks should be installed on all louvered windows, otherwise they can easily be pried open. All windows should have some kind of locks on them.

5. Lock your garage to prevent burglars from using your own tools to break into your house.

6. Where are your keys? Do not leave keys hidden in the mailbox, under the mat, or in the flower pot. These are the first places someone else will look for them.

School Bus Alert

Jay Bradford, transportation officer for the Berkeley Unified School District, has issued a statement reminding automobile drivers just what the lights on a school bus mean.

Bradford said that the red lights on school buses (they are mounted on the top) light up only when drivers stop to let off a child who will then be crossing the street. Automobile drivers coming from either direction must stop for the safety of the child when they see these red lights.

Bradford added that when a bus driver puts his foot on the brake only amber lights show, not red; automobile drivers need only observe caution in this case; stopping if that is what the traffic situation calls for.

Bradford urged that all drivers be extra careful when driving in the neighborhood of any school, especially during school hours or around any school bus.

ELM BRANCH members, Mrs. Robert McFadden (left) and Mrs. Austin Angell, Jr., both of Albany, display the first prize ribbon won for display at last year's All-Berkeley Exhibit Tea. The 1971 edition of the Exhibit Tea will be held Wed., Nov. 17, at the Claremont Hotel in Berkeley, from 10 a.m. to 3:30 p.m. Proceeds from the sale of hundreds of handcrafted holiday gift items will benefit Children's Hospital Medical Center's part-pay, research and training programs.

Reunion For USS Oakland

The first reunion of the USS Oakland (CL-95) is being planned for August 4, 5 and 6, 1972, in Oakland.

Portions of the USS Oakland—including the main mast—are now located in various places around the city, and should provide nostalgic interest for ex-Oakland sailors.

In addition, the City of Oakland and the Chamber of Commerce are actively supporting

plans to help make this first reunion a huge success.

Master Chief Gunner's Mate Lawrence J. Reilly, Sr., is coordinating plans for the event. He is anxious to hear from any of the 1,000 men who served aboard the Oakland, and who would be interested in attending the reunion.

Reilly may be contacted at 2334 Minuteman Way, Costa Mesa, Calif. 92626; telephone area code 714-549-4221.

Fewer Adults

In Opposition

A recent poll reveals that California adults have dropped much of their opposition to lowering the age of majority to 18 for purposes other than voting.

The California poll shows that in the last six months the public has become more favorable towards letting 18-year-olds incur debts and gamble at state race tracks, and is even coming around to agreeing that 18-year-olds should be able to purchase liquor.

Pollster Mervin Field said he reached his conclusions by comparing polls taken in February of this year, and again in August, among 1,008 California adults.

He said that those approving the right of 18-year-olds to incur debts has increased from 59 to 69 percent over the six-month period. Opposition has dropped from 38 to 28 percent.

Field said allowing under 21-year-olds to buy liquor is still favored by slightly less than 50 percent. Approval of this, he noted, has increased from 31 to 48 percent, while disapproval has shrunk from 66 to 48 percent.

On the question of race track gambling, the pollster notes that approval has grown from 37 to 49 percent, while disapproval has decreased from 60 to 47 percent.

AC-BART Fares May Keep Commuters In Automobiles

It is the opinion of AC Transit directors that passengers should be able to transfer free between AC Transit buses and BART trains, if the use of public transportation is to be maximized.

If a transit rider has to pay a full bus fare plus a BART fare, costs will be almost doubled in some instances, resulting in the probable loss of patronage by both systems. Consequently, there will be a greater use of automobiles, with a continuing detrimental effect on the environment.

At a board meeting last week, transit company directors adopted as policy the establishment of a joint AC Transit-BART fare structure, that hopefully will make no charge for feeder service within any one fare zone.

How to arrive at a joint reduced fare—without outside financial help—has been one of the knotty problems under study by a Transit Coordination Committee, containing representatives of the two agencies and the Metropolitan Transportation Commission.

However, since neither transit agency is in a financial position, under present tax and fare policy, to absorb the costs of a joint fare, the adopted policy included

intent to jointly seek financial assistance, including the establishment of more effective coordination, and including the establishment of a free transfer.

In the meantime, the Board decided both agencies should try, within their present financial ability, to establish at the outset of BART service, a joint fare structure that would offer some reduction to passengers using both systems.

Volunteers Needed

Young adult volunteers are being recruited by the Berkeley-Albany Red Cross to help in after school child care programs at Columbus and John Muir elementary schools and in a morning program for Spanish speaking children at James Kinney Park in Berkeley.

Volunteers, junior high school age or older, are also needed on Saturday, Nov. 13, to care for children during a meeting of the Berkeley Child Care Development Council at the McGee Baptist Church.

Those interested are asked to contact the Berkeley Red Cross office, 2116 Alleston Way; phone 845-1430.

Hanging Baskets Provide That Decorative Touch

If you have a porch, patio, terrace, lanai or breezeway, one of the loveliest ways to decorate it is with plants in hanging baskets. There is a wide variety of distinctive foliage plants and flowering choices for this type of growing.

The hanging gardens can be planted in redwood, wire, plastic or ceramic containers—or even red clay pots—and suspended at different levels to achieve appealing effects.

Such stellar performers as Fuchsias and pendulous Tuberous Begonias, bred for hanging baskets, undoubtedly need no introduction; it comes as no surprise that certain varieties of Petunias are ideal for hanging baskets. The Cascade types are excellent choices, their immense flowers brighten the summer and fall scenes—and a few plants in a container will give the impression of a bushful-full of color.

Local nurseries will have already-blooming hanging baskets which can be taken home and

suspended, enabling you to enjoy immediate beauty. For the do-it-yourselfer, shopping for containers and plants to go in them is a real fun experience.

For color, Impatiens (Sultanas) are a beautiful choice for a semi-sunny area. In hot, sunny locations rely on a trailing lavender Lantana or the dwarf, compact shrub-type Lantana in an assortment of bright colors. Don't overlook using the prostrate-growing Junipers in a hanging basket. They are as durable as they are lovely.

The multi-colored leaves of hanging basket Coleus can enliven shaded areas, and will take semi-sun. A large specimen on display all but stops traffic.

For hanging basket plants, which exude unique personalities, the succulent-like Donkey Tail is a leading candidate. Its trailing chain-like foliage and silvery-green color are a welcome addition to the garden.

Though the names are difficult to pronounce, Plectranthus and Tychosporum both have much to recommend them for basket culture.

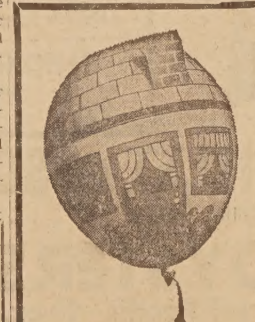

DELTA QUEEN, ALIVE & WELL

The historic old Riverboat, the Delta Queen, which traveled up and down the Sacramento River in bygone days, has received a few more years of life, thanks to members of the U.S. Congress.

The sternwheeler, which now travels the Mississippi, Ohio and Tennessee Rivers, from St. Paul to New Orleans, St. Louis and Pittsburgh, has been exempted from the safety at sea law, which requires vessels carrying more than 50 overnight passengers to have metal superstructures. The Delta Queen is built mostly of wood.

The riverboat has been exempted from the law until Nov. 1, 1973, by a house-senate conference committee, which said this would give congress time to hear and decide how to assist in saving the last symbol of a bygone era.

A Fourth 'R' Goes To School

A fourth "A" is joining the traditional "Reading, 'R'iting and 'R'ithmetic" in today's education picture.

This one is for "Recording," tape recording, that is, and credit the movement to the compact, convenient cassette.

Cassettes are those tiny reels of magnetic tape encased in plastic boxes that merely slip into the recorder and start with a push of a button. Recording or listening is a soft touch with no tape handling.

Cassette recorders and players do a number of jobs on campuses and in classrooms, from elementary grades through graduate school.

Students use portable cassette recorders to capture lecture notes in class, or to practice speeches, or music lessons. Many schools now have lesson materials available for students to use in cassettes that they may borrow.

When classwork is out of the way, the versatile cassette becomes a compact source of stereo music at home or in the dorm. Battery portables let the user be his own DJ anywhere. Recorders combined with radios permit recording off the air.

For the student who finds it hard to write home, a cassette recording is easier and more personal than a letter.

Introduced in the mid 1960's, cassette recorders and players are today available in a wide range of models and prices.

Could you escape? Without taking time to think it over, could you name two ways out of each room in your house—especially the bedrooms?

If not, follow the advice of your Fire Department and start pre-planning for emergency escape in case of fire. Begin by working out an alternate exit from every room, such as a window leading onto a porch roof, or located directly above shrubbery which would break a fall.

Figures from the National Fire Protection Association show that most dwelling fires break out at night, the Chief points out. For this reason it's essential to hold back fire by sleeping with bedroom doors closed, to pre-arrange a signal which will arouse and alert the household, and to have a well-rehearsed escape plan.

Teach everyone to test for heat outside his bedroom by feeling the upper part of his closed door. If the door seems hot, keep it closed, sound the alert, and immediately use a pre-planned alternate exit.

Arrange for help in escaping for young children and aged or infirm persons. Decide on an outside meeting place where everyone will go for a "head count." Plan to call the Fire Department from an alarm box or a neighbor's home—not from your own telephone if your house is on fire.

Finally, impress upon everyone, especially the children, the need to strictly obey the rule "Once Out—Stay Out." No toy or treasure, not even the family pet, is worth risking a human life in its rescue.

Trailers Pay Off

State Controller Houston I. Flournoy has announced the semi-annual apportionment among counties, cities and school districts of \$10,045,451 in trailer coach license fees collected during the first six months of 1971.

Alameda County's share was \$219,804.89. The largest apportionment was \$1,712,778 to Los Angeles County and the smallest was \$21 to Alpine County.

The Vehicle License Fee law provides that the license fees, paid on all trailer coaches registered in California, be apportioned semi-annually to the counties, on the basis of the registered addresses of the vehicles. Apportionments are made as soon as possible after the registration data is made available to the Controller by the Department of Motor Vehicles.

Each County Auditor then distributes the total county apportionment equally among the county, the city (if the address is within a city) and the school districts in which each trailer is situated.

Everyone will go for a "head count." Plan to call the Fire Department from an alarm box or a neighbor's home—not from your own telephone if your house is on fire.

Finally, impress upon everyone, especially the children, the need to strictly obey the rule "Once Out—Stay Out." No toy or treasure, not even the family pet, is worth risking a human life in its rescue.

California Senator Seeks Federal Charter

Junior Achievement, Inc., a national organization that gives teenagers practical experience in running business enterprises, would be granted a federal charter under a bill introduced in the Senate, co-sponsored by California Senator Alan Cranston.

"In a world where we all have to deal with business—whether in the capacity of employee, consumer, stockholder or executive—it is important that we have a realistic understanding of the corporate structure and function," Cranston said. "Too often the high school or college classroom introduction to business is on a theoretic level that gives the student little concept of what business means on a day-to-day basis."

Cranston, former California State Controller, is a member of

the Senate Committee on Banking, Housing and Urban Development. The Junior Achievement bill was authored by Senator Roman Hruska, ranking minority member of the Senate Judiciary Committee, which will consider the bill.

More than 11,000 California highschoolers belong to Junior Achievement in 42 centers throughout the state. National membership is 156,000.

Under the program, groups of teenagers form companies, set stock to raise capital, market particular product or service, operate the business. The youngsters, who benefit from the help of local business advisors in their communities, are encouraged to form groups with members from diverse racial, ethnic and economic backgrounds.
